

EDUCATION ZONE

Our BBTSA event Fancy is performed with seamless blending of beautiful body and baton combinations that travel continuously and flow in a forward motion to complete a teepee shape within the size measurements of a standard badminton court.

You can be creative with dance, gymnastics & acro material, there are no restrictions other than the criteria of your ability level.

Did you know that you will receive a penalty of 10 points if your choreography exceeds the badminton court? Please practise within these size restrictions, we don't want this to happen to you

Also you will receive a penalty of 1.0/2.0 for a static display - this is where you stop and complete something entirely on the spot breaking the fluidity of your performance which is our main focus

We can't wait to see your beautiful Fancy routines in competition.
